

La Gofetta

A new, unique and ephemeral experience, available only between May 15 and October 15, in Ibiza and Formentera.

Enjoy the menu, the atmosphere, the music, and the universe of the mythical Beso Beach restaurants now by boat, in petit committee and exclusively, with whoever you choose. A different, surprising and original option with less pollution, more space, and a calmer, safer and more enjoyable navigation.

La Goletta offers you the beauty, authenticity and spaciousness of a classic wooden boat, to enjoy sailing like true sea lovers. A beautiful schooner from any perspective.

Can you imagine waking up in Illetas, Formentera? In addition to enjoying a day charter, this Turkish schooner also offers you the option of sleeping on board and spending a boat vacation in paradise, at your leisure, away from the hustle and bustle of the ports, waking up every day in a dreamy cove and starting the day full of energy.

With almost 23 meters in length and more than 6 meters beam, this schooner ensures a very wide and spacious deck, which translates into comfort to enjoy the solarium, sofas and outdoor spaces without stress. Lunch, sunbathe, dance or walk in total comfort.

A much more attractive price than other similar length yachts, and with much lower fuel consumption and less pollution.

An unusual charter option on the island, for original people like you. Sail enjoying the journey and without fuel scares.

You will have space to move freely on the deck and rest in her cozy interior. An experience that you will undoubtedly want to repeat.

The aft area offers you an ideal space to socialize and have lunch or dinner al fresco, between her outdoor table, with space for approximately 10 people and her large sofa behind the deck command post.

The awning is wide, which is appreciated on the hottest days, providing plenty of shade.

The corridors to move around the sides of the boat from bow to stern are comfortable, wide and with a safety rail, to move firmly.

The swimming ladder to enter and climb out of the water is very comfortable, to facilitate safe access to the boat.

The interior is designed in noble woods and top quality materials, with good natural and functional lighting. Spacious and comfortable spaces with elegant light wood ceilings to gain spaciousness and comfort.

The aroma of wood, fig, cedar, oak and nature perfectly recreate the magical environment of the Ses Salines Natural Park and the Mediterranean.

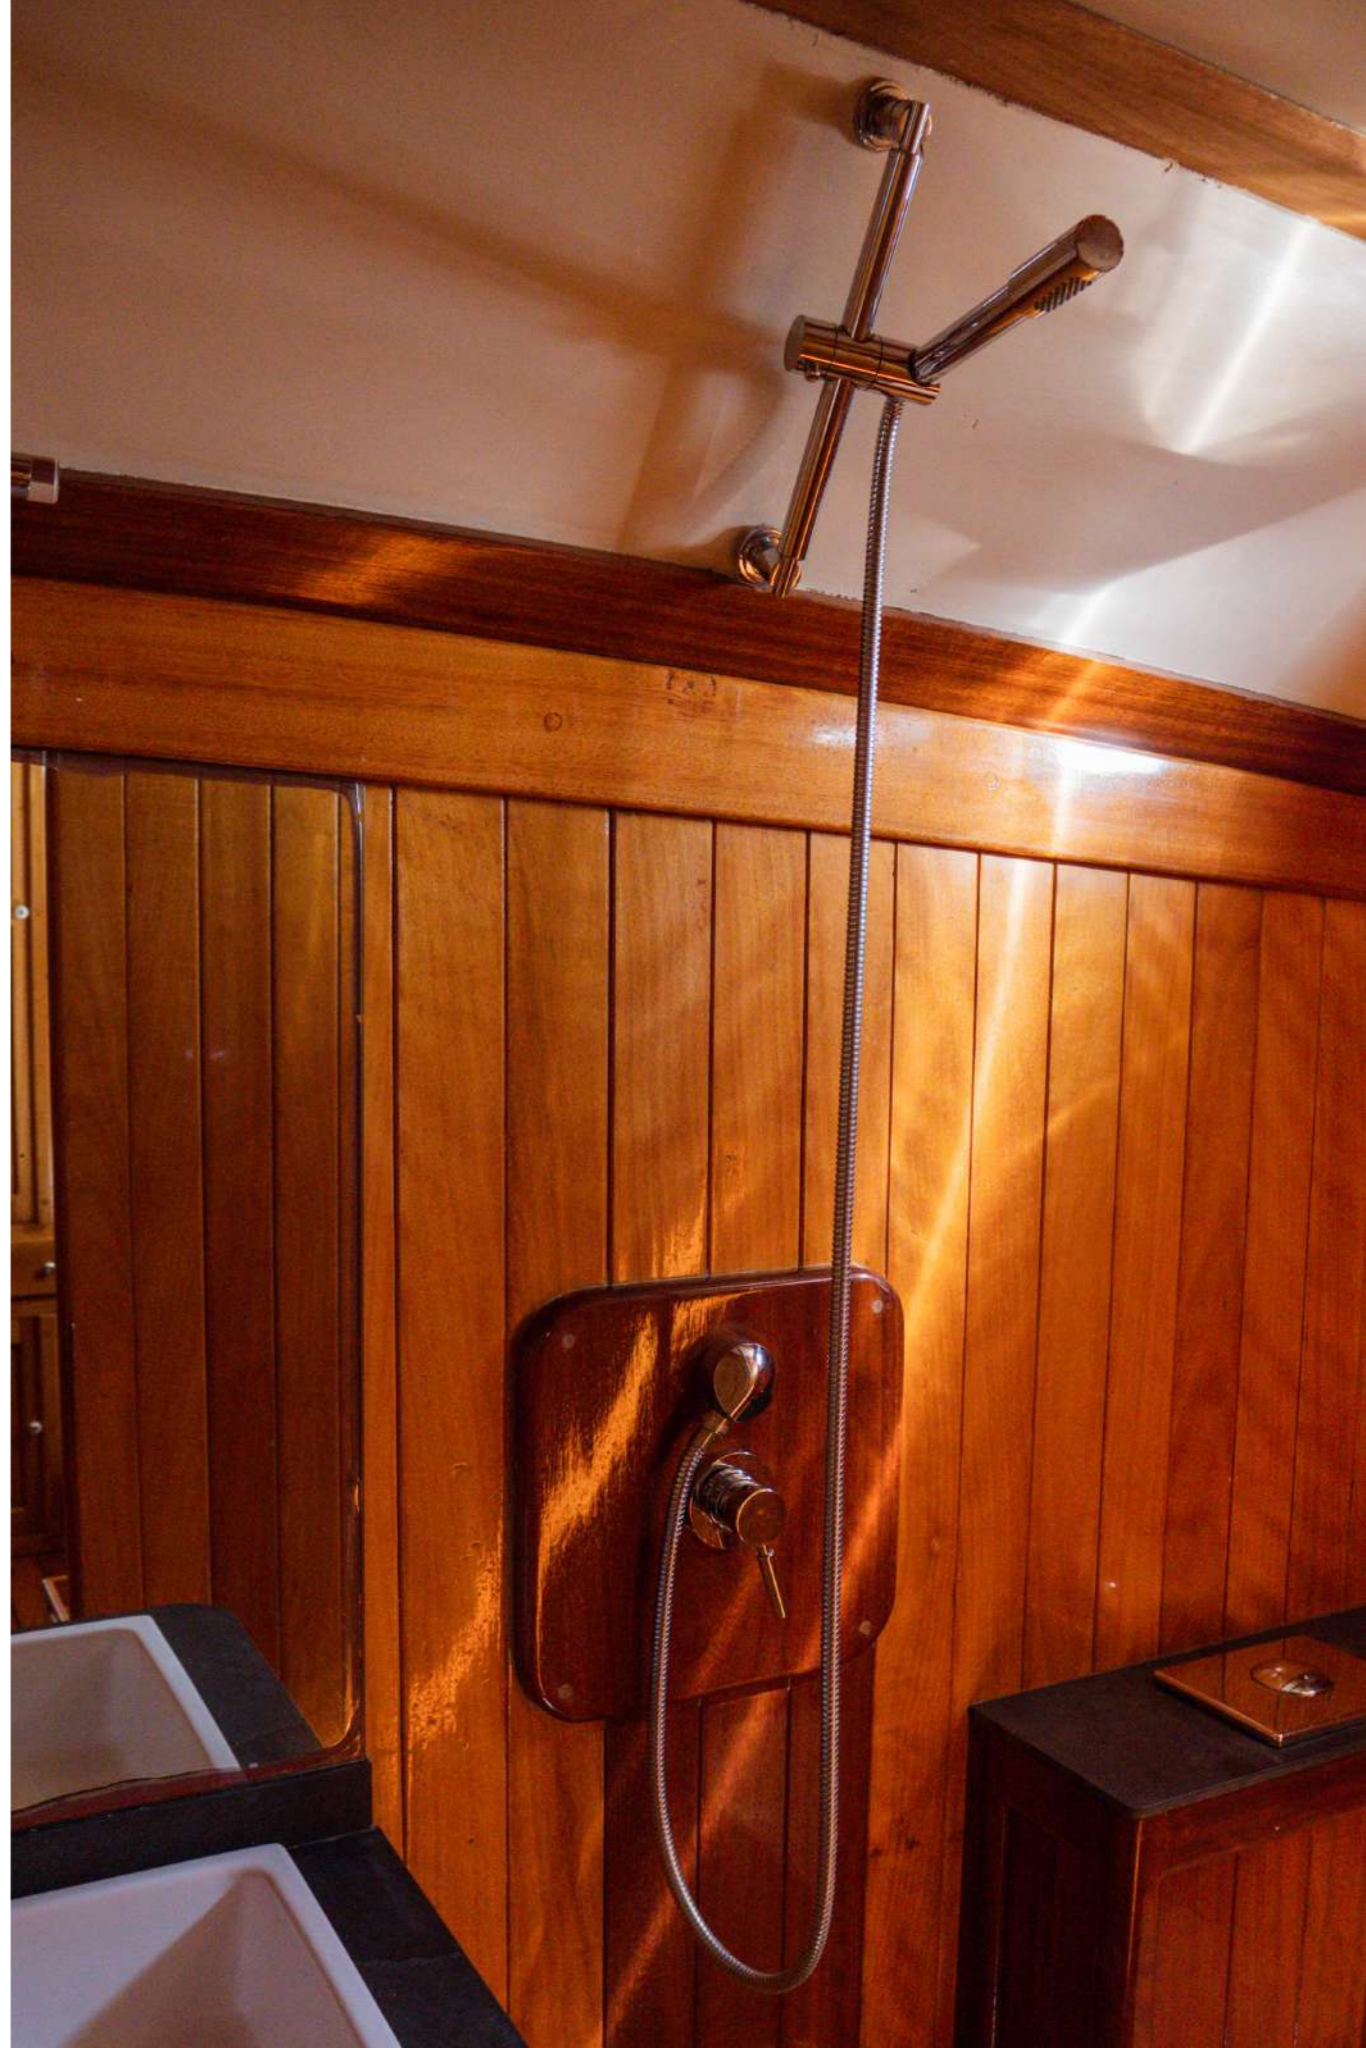

The interior space is very well used, with 5 cabins for guests and 1 for the crew.

The Master cabin, the most luxurious and spacious, is located just below the stern, occupying the entire beam of the ship. Towards the center and bow 3 double cabins and 1 Twin. All the cabins have their own bathroom and air conditioning.

La Goletta allows 10 guests to spend the night in 5 cabins, a very practical boat for families and large groups. There are very few boats in Ibiza or Formentera with this ability to sleep on board, so you should not miss this opportunity.
